Authorization for this examiner's amendment was given in a telephone interview with Mr. D. Michael Burns on September 2, 2004. The application has been amended as follows:

Claim 1:

- b) "semi-circular", line 8, has been replaced with -- partially circular --;
- c) "and encircling", line 9, has been replaced with -- and the upper stabilizer encircling --;
- d) "semi-circular", line 10, has been replaced with -- partially circular --;
- e) "and encircling", line 11, has been replaced with -- and the second flange partially encircling --.

Drawings

3. The following changes to the drawings have been approved by the examiner and agreed upon by applicant:

In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

REASONS FOR ALLOWANCE

4. The following is an examiner's statement of reasons for allowance for Claims 1-2, 4-5 and 7-9: the prior art does not disclose or suggest a flag mounting device to prevent furling of a flag around a flagpole including an upper stabilizer having a first partially circular flange extending downwards through an aperture of a rotator and the upper stabilizer encircling a flagpole therein, a lower stabilizer having a second partially circular flange extending upwards through the aperture of the rotator and the second flange partially encircling the first flange in combination with the remaining limitations of the claims.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
